Name Co-Skipper			
Estimated crew size incl. skipper			
Contact details			
Skipper's Address			
City			
Country			
Zip-Code			
E-mail			
Phone			
Fax			
Mobile			

After receipt of the completed form you will be placed on the list of participants/applicants for the ECC 2004 and will be informed when and how to confirm your boat reservation. As the ECC 2004 will be strictly limited to a maximum of 50 boats, the participants will be registered in the order of receipt of this form along with the "Own Risk Statement". After reaching 50 entries new applicants will be placed on the Waiting List.

Important Note:
Please note that the preliminary reservation form is only valid if returned to the organisation committee together with the **ECC 2004 Own Risk Statement** by regular mail**.** The Own Risk Statement is to be filled in and signed by the responsible skipper. Due to the limitation of the number of participating boats, your participation in the ECC 2004 is only registered once explicitly confirmed by the organization committee. Sending in this preliminary reservation form only signals your interest in participation. Please note that all boat- and charter-related agreements/contracts are to be made/agreed upon between the skipper and the charter company. If no agreement can be reached between these parties, the organization committee cannot be held liable and the participation of the respective skipper and his/her crew is void.

Send the signed original documents by regular mail to:
Michael Kuhn
