

## **Bulletin 5 – Boat Selection completed – Sponsoring – Visit to Palma**

Issued 29<sup>th</sup> October 2012

Dear ECC Skippers,

the boat selection procedure has been completed and so far everybody seems to be satisfied with the fleet offered by our Spanish partners from Mallorcanautics.

During the last days several skippers contacted us being eager to learn more details about TCF's, boat selection etc.

Please be patient – we will publish this and much more information in due time before the ECC 2013.

### **Sponsoring**

In the past we all enjoyed fantastic events which had been enabled by sponsors who supported the ECC, partly for a really long time.

For that reason you will find some information about how and why to become a sponsor of the ECC 2013 on the event website: <http://www.ecc-sailing.com\Sponsoring>.

Please contact Frauke from our team to discuss further the opportunities of sponsorship. We are open to your suggestions and requirements.

### **Visit to Palma**

Two weeks ago a small delegation of our crew went for a weekend to Palma to visit potential locations for berthing as well as for parties during the ECC 2013. And we found very lovely and exiting places for both! We are sure that with what we have seen and experienced in Palma we can organise a fantastic event for all of us.

As always, this information will also be published on the ECC website.

Best Regards

Inken and the ECC Organisation Committee 2013  
(Commodore and Crew of Boat 34)
