

ENGINEERINGCHALLENGECUP2015

Daily Fleet Information No. 7

Piškerica - Biograd, Friday, May 15 2015

Programme

09:00 Skippers meeting: Piškera Marina Restaurant

10:00 Cast off upon request of the OC personnel (exact procedure to be announced at the Skippers meeting)

Due to the strong wind with gusts up to 35 knots Skippers are requested to strictly observe the orders of the berthing-team, otherwise everything will end up in a mess.

Be on standby on VHF 17 until you have left the marina, later switch to VHF 71 again.

Proceed to the marinas where you have to return your boats on your own plans.

Unfortunately our plan to organize a refueling of the boats by the charter companies did not materialize. When the wind forecast improved slightly they withdrew and it was not possible to come to an agreement.

17:30- Bus transfers to the Final Pricegiving Party

18:00

19:00 Reception at the Arsenal

24:00 Bus transfers to the marinas

General Info

Busses to the Pricegiving Party are leaving at the following times:

Murter 17:30h at the marina reception

Biograd: 18:00h at the Marina Kornati reception (North side of the marina)

Sukosan: 18:00h at the marina reception

Skippers are requested to check that their crew are complete.
