

ECC 2016 – Bulletin #7

Recce, Team Picture

10th/November/15

Dear all,

You want to see some picture from sunny Göcek?
Well, have a look at the Recce report at the end of this bulletin.

In addition the sponsors, mentioned in the bulletin #6 (you remember: **AVEVA, LINDNER**
Isoliertechnik, DLR, MAMMOET) we now got following sponsors on board:

SAMSON declared to take over Silver Sponsorship, really a great help for our regatta, thank you very much for this.

NÜRMONT Installation and **TRIPLAN** declared Bronze Sponsorship, thank you both very much for this, you help our sport tremendously.

There are some more sponsors, just waiting for official budget release, their names will be listed hopefully soon ;-)

However, you know to organize such an event at such a lovely place requires a solid funding. So for all of you, who could make some further funding available, please do not hesitate to do so. The sponsor letter is available on the web site, and for any questions please call Reiner (0049 171 46 77 715) or Oliver (0049 1709236859). The event depends on our common effort to sponsor it. You will find worth doing it.

Crew lists and team pictures are not yet complete. So please forgive us for our reminder, which we will send to those who have not yet send their input.
Please send back the filled crew list to ecc2016@t-online.de.

And for those, who would like to see the final result of the boat selection, just open the excel file attached to the bulletin.

In case there are skippers willing to take additional crew on board, let us know. Same the other way, if you know friends that would like to join next year but have no available bunk, let us know. We will try to bring it together.

Best regards,

Oliver Tondorf and Crew of EC 23(Commodore and OC of ECC 2016)

Schedule of coming events:

November	Team Pictures – please send them for the log book
December/January	Design of Polo-Shirts

ECC2016 - Successful Recce to Göcek

On 09/10/15, a brave delegation made its way to Göcek, Turkey. Stefan, Frank and Commodore Oliver did a four day inspection of the ECC2016 location.

Firstly, we met Sasha King from Adriatic Holidays and Inci. Great to meet again and immediately we started to discuss our ideas and listened to Sasha great proposals.

Secondly, we were lucky to escape from grey Germany to spend a few days in splendid sun, enjoyed two days on board of Venla, the boat that David Boocock will sail in May.

Saturday, we visited all Göcek places that play a part in our planning. D-Marin with the base of EGG Charter, H-ponton where probably the boats that are not located in Göcek will moore, several location suited for

welcome and prize giving. We were also welcomed by the Göker Tuncay, the chairman of the Göcek Yacht Club and owner of EGG. We had intensive discussion on courses and our schedule. Göker was very helpful in all of this. For interested sailors, please visit the web site of [Göcek Yacht Club](#). (If you are still looking for sailing opportunities, you can register for 17. Göcek Race Week taking place in the week after ECC2016).

Sunday, we meet took us with a Ekinzik, more drive, not only ways. Thanks place, and it will calender. It is the

of the route but worth going there. We took a bath in the very warm bay of Ekinzik which was followed by a great meal at the local restaurant.

to explore the Turkish infrastructure. Brave Inci rental car to than one hour on Turkish motor again. It is a great be on our race most remote place

Monday, finally, we took over Venla for a trip to Kapi Creek, Sarsala Bay, Wall Bay and Boynuz Bükü.

A light breeze, blue sky and lots of discussions on options and ideas with Inci and Sasha made the day passing by too fast.

We learnt that in Turkey, the rules for black water tank are to be followed very strict! Also, in the small bays, the restaurant owners install and maintain the piers and moorings. When using their infrastructure, it is expected to visit the restaurant as well.

Tuesday, we headed with Venla to Fetiye. Those of you who joined ECC2007 will remember this pleasant and vital place. We met the manager of marina to present ECC and secured the moorings, met also Berni from Phoenix yachting. We also managed to have a great doner kebab

on the market of Fetiye. We believe, you will enjoy the opportunities for shopping of souvenirs, restaurants around

the fish market and so on. Sailing back to Göcek, we enjoyed the magnificent views on the landscape in a sun set trip. Tuesday evening, a wrap up with Inci and Sasha and we concluded the recce.

As a summary:

- A pleasant landscape, nice bays, very friendly atmosphere
- Lots of opportunities for shorter and longer distances sailing
- Possibilities for dinghy race
- Warm welcome by all charter companies, the boats made a good impression
- Good support by Göcek Yacht Club
- Helpful discussions with Sasha and Inci

We now need to sort out the details of the route and will inform accordingly. Also, a lot of details will be fixed in the course of the next weeks.

We are looking forward to see you all in Göcek!

Oliver Tondorf and Crew of EC 23 (Commodore and OC of ECC 2016)
