

Engineering Challenge Cup 2016

Be part of the sponsoring crew

ECC - Introduction & Background

- The ECC is an **annual 7-day sailing regatta** where engineering and related companies race against each other on competitive but cordial terms
- The event has taken place in various locations in the **Mediterranean Sea** and was first sailed in **1994**
- From the original group of friends sailing against each other it rapidly grew to the **largest, privately organised international regatta**
- Each yacht **represents a company** associated with the engineering industry
- Participants are recruited out of **all business functions** and **hierarchies** from technician, sales manager, engineer, director to CEO
- This allows for intensive team building within the crews, an exceptional experience also for crew members, who do not sail day in day out
- Apart from competitive sailing the ECC therefore offers a platform from getting to know each other to building **long-term business partnerships**
- Since it was first held the winning yacht has to organize the ECC of the next year

ECC 2016 Key Facts

- The ECC 2015 in Croatia with 53 yachts was won by **Oliver Tondorf** and his crew (Boat N°23, Bavaria Match)
- This unique, likeable, engaged crew is now in charge to organise the ECC 2016

- The location for the ECC 2016 will be **Göcek in Turkey** – an area known to be sunny with steady winds with a large variety of different courses.
- It will take place from **Saturday 7th to Saturday 13th May 2016**
- **54 boats** and approximately **350 sailors** will race against each other
- Sponsors support with their name the **modern health oriented management style**, which addresses the need for having a break, for having a different enjoyable nature oriented experience, even if slightly competitive and challenging.

Sponsorship: Benefits & Options (1)

Benefits:

- The ECC offers a broad platform to increase your company awareness and communicate your company's profile amongst opinion leaders and decision makers of the engineering and related industries
- In previous years the event has attracted some excellent sponsors supporting special events or provided the crews with useful accessories, clothing

Options:

- **Bronze Package** 2.000 €
 - ½ A4 full colour advertisement in the official logbook
 - Link from the ECC-website to your company website
 - Your company logo at the back of the official ECC polo shirt
- **Silver Package** 3.000 €
 - Same as 'Bronze Package' plus
 - A4 full colour advertisement in the official logbook
 - Flow your company flag at the Welcome- and Prize-Giving-Party
- **Gold Package** 4.000 €
 - Same as 'Silver Package' plus
 - Place a sticker (max. 20 x 20 cm) with your company logo at the stern of each yacht

Sponsorship: Benefits & Options (2)

Customized Packages

- Apart from the 'Medal'-Sponsorship we are happy to develop any further options of supporting the ECC e.g.
- **Sponsor of 'Named Party'** **more than 6.000 €**
 - It is planned to have a special party before the start, in the middle and with the price-giving, where we are looking for a sponsor of the meals (approx. 6.000 €) and the drinks (approx. 3.000 €)
 - Same as 'Gold Package' plus
 - Name the party
- **Sponsor of the inshore Race planned at one racing day** **6.000 €**
 - Same as 'Gold Package'
 - Name the inshore Race,
- If your support is more than 4.500 €, you will have all the benefits from the 'Gold'-package.
- If your support is less than 2.000 €, you will get a link from the ECC-website to your company website.
- If your support is more than 10.000€ your company will be called 'Main Sponsor'.
